

Type n° T-AT890

DIRECTIVE ANTENNA 3WAY 5150÷5875MHz 9dBi

SPECIFICATIONS

Material

Base: Gray Polystyrene

Cover: Gray Polystyrene

Dimensions (mm): 90*130*30

Mounting (mm): on Wall / Pole with Bracket

Temperature (°C): -30° - +80°

TECHNICAL DATA 3port 5150÷5875MHz:

Antenna type: Directive Antenna 3 port

Frequency range each port: 5150 ÷ 5875 MHz

Impedance each port(Ohms): 50

Max power each port(W): 50

V.S.W.R. each port: less than 1.6

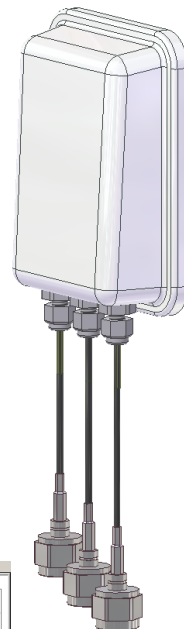

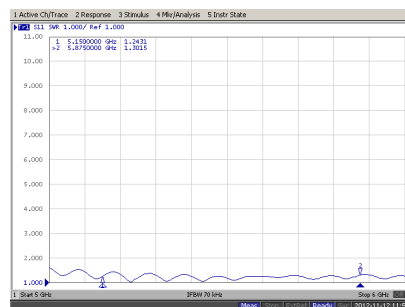

Polarization each port: Vertical

Emission each port: Directive

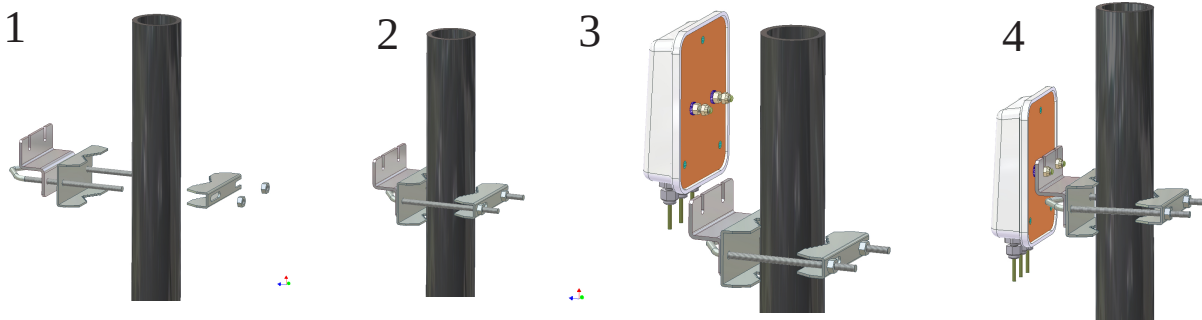

Gain each port(dBi): 9±0.7

Connector each port: N male

Cable: RG 174 Low Loss mm.1000

MOUNTING INSTRUCTION

To tight the
self-locking screw

To tight the
self-locking screw
